

We're not sure when **Spring** is going to get here with this miserable weather, but maybe a few bits of news about future FSA events can warm things up a bit!

NEWS

Spending plans...

We are hoping to ring-fence money to go towards trips or equipment for all classes each year, so that all children regularly get some benefit from the money we raise.

We are also planning to invest in some sports bibs to help promote our school's sporting prowess in inter-school events.

Film night changes...

After discussion with the FSA committee and Mr Clark, we have decided to put the cost for Film Nights up very slightly to £4.50, so it is in line with After-School Club. In light of this, we plan to look at the menu options for the food we offer, and will be discussing options with the School Council: perhaps pizza or 'snack box' style meal (with sandwiches?). Ideas welcome.

'Little Voices' ...

We are starting a vibrant, fun new singing group at school, where your child can learn to sing their favourite tunes, and learn some movement with it too, all taught by professional musicians! Classes will be after school until 415pm every week from September. No weekly cost! There will be a taster workshop on 7 June to try it out.
